Sales Bulletin: 2008-49DDC

June 6, 2008

Architectural Specialties Price Advisory

An increase in steel pricing has been communicated by our raw material suppliers for Architectural Specialties standard and custom metal ceilings. Per our earlier sales bulletin (**2008-28**), on July 1 a 7% price increase on all standard Architectural Specialties **metal products** will take effect. Custom Quotations will be reviewed and communicated separately as appropriate.

Please use the following escalators for projects into 2009. These escalators should apply to all Architectural Specialties products including MetalWorks, WoodWorks, SoundSoak and Canopies.

Escalators are guidelines, not commitments.

- **Architectural Specialties Metal price escalators**
- +5% for quotes on or after January 1, 2009
- +5% for quotes on or after June 1, 2009

We look forward to servicing your business.
