Architectural Specialties Price Advisory

Due to increased petroleum and aluminum costs, a 15% price increase on all Infusions and Infusion accessories will go into effect as of September 1, 2008. Custom Quotations will be reviewed and communicated separately as appropriate.

Please begin reflecting the price increase on all new quotations immediately.

Please use the following escalators for projects into 2009. These escalators should apply to all Architectural Specialties products including MetalWorks, WoodWorks, SoundSoak and Canopies.

Escalators are guidelines, not commitments.

- +5% for quotes on or after January 1, 2009
- +5% for quotes on or after June 1, 2009

We look forward to servicing your business.
