STICKS™ & STONES™

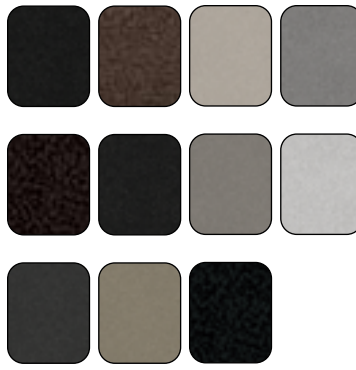

Two new natural contemporary designs, translated in mineral fiber.

Sticks, inspired by the architecture of the Bird's Nest stadium at the Beijing Olympics, offers a playful, unique design with a textured surface.

Stones, a great rustic slate look, is a natural choice for a stone texture.

Both products offer an added plus... the durability of DuraTech™ technology.

- Bright, clean white surface
- Available in 7 standard colors
- Durability minimizes damage
- 30-Year System Warranty
